

REGULAR OPEN MEETING GASCONADE COUNTY SWCD

Posted July 27, 2011, 3:00 p.m.

AGENDA

USDA Service Center, 314 S. Olive Str., Owensville, MO

Tuesday, August 2, 2011, 7:30 p.m.

1. Open Meeting – Chairman
2. Review Minutes of the July Board Meeting – Secretary
3. Approval of Closed Minutes – Secretary
4. Financial Report for June – Treasurer
 - Treasurer's Report
 - Time sheets
5. Unfinished Business
 - ☐ CCPI Update
 - ☐ River Relief Project
 - ☐ Termination Dates
 - ☐ Resolution
6. Cost-Share –
 - ☐ Fund Status
 - ☐ Koelling Waterway
 - ☐ Approve Conservation Plans, Cost-share Contracts, Change Orders, and Payments

Name	Cons Plan	Cost-Share Practice	Contract, Change Order or Payment	Application Number
Michael & Sandy Stockton ¹		DSP-3.4	Payment	062-11-0032
Richard & Connie Grellner	C/S	DSP-3.2	Contract	062-12-0001
Stanley & Elizabeth Shoemaker	C/S	N351	Contract	062-12-0002
Kurrelmeyer Brothers*	C/S	DSP-3.4	Contract	062-12-0003
Dennis & Brenda Kurrelmeyer*	"	DSP-3.4	Contract	062-12-0004
Chad Grannemann	CRP			
Ruth Brink	CRP			

¹Approved by Debra Nowack, 07/20/11

*Preapproval for Kurrelmeyer and Kempen DSL-2 (pending qualification)

7. New Business
 - ☐ MASWCD Resolution and Statute Change
8. DNR Memorandums and Letters
 - ☐ Memorandum 2012-001, 2011 Natural Disaster Cost-Share Damage Assessment
 - ☐ Memorandum 2012-002, Correction to the recently revised District Operations Manual
 - ☐ July 25th letter – Cost-share surveys
 - ☐ July 28th letter – Cost-share review
9. NRCS and District Reports
10. Mail
11. Calendar of Events
 - ☐ August 4, Monsanto Bus Tour CANCELLED
12. Adjourn. Next Meeting **TUESDAY**, September 6th, at the USDA Service Center, 7:30 p.m.

Soil & Water Conservation District Boards may go into closed session at this meeting if such action is approved by a majority vote of the board members who constitute a quorum to discuss legal, confidential, or privileged matters under § 610.021(1), RSMo 2000; personnel actions under §610.021(3); personnel records or applications under §610.021(13), records under § 610.021(14), or audit issues under § 610.021(17), which are otherwise protected from disclosure by law.

Minutes of the
Gasconade County Soil and Water Conservation District
Regular Board Meeting – USDA Service Center, 314 S. Olive, Owensville, MO
Tuesday, July 5, 2011

Vice-Chairman Dennis Berger called the regular board meeting to order at 7:30 p.m. Those present were: Ron Hardecke, Chairman (arrived 7:35); Dennis Berger, Vice-Chairman; Robin Kliethermes, Secretary; Debra Nowack, Treasurer; Mike Haeffner, Member; Melinda Barch, District Conservationist; Terry DuBois, District Technician II; and Diana Mayfield, District Specialist II. Kyle Lairmore, MDC Private Lands Conservationist, was absent.

Jerry Lairmore, Southern County Commissioner made a brief appearance.

Mike Haeffner made mention that he got home at 11 p.m. last month and that was totally unacceptable. Everyone agreed, especially since he had so far to drive. Dennis Berger indicated that the issue would be addressed.

The minutes of the June meeting were read. Dennis Berger made some changes to the minutes and they were so noted. Ron Hardecke arrived and Dennis Berger turned the meeting over to him. Robin Kliethermes made the motion to approve the minutes. Dennis Berger seconded the motion. Motion carried 5-0.

Dennis Berger made a motion to go into closed session to discuss personnel issues pursuant to RSMo 2000; personnel actions under §610.021(3); personnel records or applications under §610.021(13). Debra Nowack seconded the motion. Dennis Berger asked that Melinda Barch stay. Ron Hardecke called for a roll call vote – Ron Hardecke, yes; Dennis Berger, yes; Mike Haeffner, yes; Debra Nowack, yes; Robin Kliethermes, yes.

Board returned to open session at 8:05. Jerry Lairmore briefly came in and asked if he could do anything for the Board. No requests were made.

The June treasurer's report and time sheets were reviewed. Beginning balance of \$13,989.34 and ending balance of \$8,198.00. Diana Mayfield pointed out that this amount was approximately \$1200 more than she had anticipated last month. Ron Hardecke asked if the Board would like to put any money back into the CD. Ron Hardecke asked Diana Mayfield how much of the \$8,000 she felt she needed. She indicated that if the Board wished to return the \$2,000 that they took out earlier, she suggested that it be put in a separate CD. No motion was received from the other board members. Dennis Berger made a motion to approve the treasurer's report and time sheets as presented. Robin Kliethermes seconded the motion. Motion carried 5-0.

The minutes of the June closed session were reviewed by Board Members. Debra Nowack moved they be approved as written. Mike Haeffner seconded the motion. The motion carried 5-0.

The Board reviewed the quarterly reports. Dennis Berger made the motion to approve the quarterly reports as presented. Robin Kliethermes seconded the motion. The motion carried 5-0.

Unfinished Business

❖ Staff briefed the board on the CCPI project. Terry DuBois indicated that Stanley had blasted, begun the sifting process, and has purchased a truck for moving the rock. He has requested the engineers come out and stake the weirs. Melinda Barch indicated that she noticed that Gasconade County was on Area Engineer Darrel Campbell's schedule for Thursday, July 7th. The Smith project was recently surveyed and Aubuchon's has also been surveyed. Terry DuBois thought that they were headed to the state office for approval and maybe even to Texas. Ron Hardecke questioned as to why Smith's would have to go to Texas as it is on the Dry Fork. Melinda Barch was unsure if they would need to go to Texas – just need to wait and see.

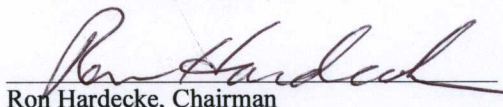

Ron Hardecke indicated that Stanley Shoemaker said he was told that his rock was good. Terry DuBois indicated that Darrel Campbell said that it was good. Darrel also put Stanley's mind at ease that they would not be looking through a microscope – they showed him how to measure it and the rock seemed about average size, and if something was too big maybe it should be put at the bottom. Diana Mayfield indicated that she had discussed with Stanley about having a field day at the site in order for others to observe the process. He is to let her know in advance so that an announcement can be sent to the paper.

Ron Hardecke indicated that landowner Kurt Frolker had questioned him as to why he has not heard anything about his application. Melinda Barch explained the ranking process to the Board as to how landowners were selected. The two approved applications were selected based on the ranking score, cost, and size. The NRCS National, State and local concerns make up the ranking worksheet. Ron asked Melinda Barch to contact Kurt and explain to him the process. Terry DuBois said that he and Mark Brandt had discussed the possibility of maybe adding to local concerns: who was first to apply, most serious issue, and tons of soil lost. Ron Hardecke indicated that Kurt is definitely interested in being considered. Melinda Barch indicated that he was considered. Ron Hardecke continued that Kurt's place is definitely a site that needs rock. He pointed out that back when James Hunt was District Conservationist here it was determined that the amount of soil lost at this one site was more than ^{was saved in} the whole county. Terry DuBois pointed out, for what it is worth, that Kurt is not forgotten and they are trying to help.

- ❖ The River Relief Project was briefly addressed. Debra Nowack indicated that they are waiting on another planning meeting to determine what kind of assistance is needed. Terry DuBois shared that we had discussed having one booth where we could share the programs and practices that we address. Diana Mayfield asked that they remember that these are students and the program needs to be geared towards them. Debra Nowack suggested something hands on. When we have more details, Melinda Barch will see if Montgomery County staff would be interested in helping.
- ❖ The Board was presented with the draft Streambank Stabilization Resolution. Ron Hardecke proposed some changes and after some discussions the changes were noted. Diana Mayfield will send the resolution to some of the other districts to see if there is any support. The final resolution will be sent to all of the districts by Peggy Lemons in September.

New Business

- ❖ Terry DuBois discussed the issues with Roy Koelling's waterway. He asked if any of the board members knew him and might have any influence with him. He gave a detailed analogy of the project and how it was not built to NRCS Standards. The project is now in need of complete reconstruction. Terry DuBois indicated that Roy wanted to be informed, in writing, of what needed to be done to fix the problems. Terry and Area Engineer Wally Corey went to the site earlier today and Wally is drafting a letter stating the process necessary to fix the issues. Terry DuBois indicated that Roy said depending on what is needed to fix the problem; he may or may not address it. Terry DuBois said that if the problem is not fixed it would be even more detrimental to the land. Debra Nowack asked if the landowner has been paid for the project – he has not as the practice has yet to meet NRCS standards. He has received two extensions so far to fix the issues. This last extension gives him until September 29th to complete. It was stated that there should be no more extensions. Debra Nowack moved to approve the cost-share contracts (listed separately.) Robin Kliethermes seconded the motion. The motion carried 5-0.
- ❖ Diana Mayfield asked the board to consider reducing the 6 month termination date for cost-share practices down to 2 months in order to reduce the number of practices that don't even get started in the current time frame; thereby, locking up money that could have been used by someone else. We currently have a two month termination date for ponds. Once they get started, they can get an extension to complete. Ron Hardecke indicated that we need to have some avenue for the weather. The Board was asked to consider this and it will be discussed at the next meeting.
- ❖ The Board reviewed the financial report and inventory report. Dennis Berger moved to approve the inventory report. Mike Haeffner seconded the motion. Motion carried 5-0. Robin Kliethermes moved to approve the financial report. Mike Haeffner seconded the motion. The motion carried 5-0.
- ❖ The Board reviewed the recent bill from Miller repair for the John Deere Drill. Dennis Berger explained some of the bill and would check with Gary about some unexplained charges. It was discussed about the 5 hour clean out charge. Dennis Berger explained that one landowner had backed up with the drill in the ground which clogged up the drill. This is not the first time that this landowner has done this. Diana Mayfield pointed out that Gary had only marked that 2 hours were charge for this clean out and that according to the lease agreement there is only a \$35 charge not an hourly clean out charge. Debra Nowack moved that a \$100 charge be applied if the drill is not cleaned out when brought back. Dennis Berger seconded the motion. The motion passed 5-0.
- ❖ The Board reviewed the statistics for the drill use. Mike Haeffner pointed out a mathematical error which made it seem not quite so bad. Expenses - \$6,306.24 vs. Income \$4,383.90. Dennis Berger felt that a reduction in expenses should be seen in the coming year as it is being well maintained; however, if not, the Board should consider other alternatives. Ron Hardecke reiterated that the drills need to at least hold their own.
- ❖ Melinda Barch added that Hispanic or Women Landowners who felt that they had been discriminated for any USDA loan process now have written guidelines for recourse.
- ❖ Dennis Berger asked that Diana Mayfield not create revised agendas as it gets to be a little confusing. Any changes could be hand written and any additional papers could be provided. So noted.
- ❖ The board reviewed the letters, memos, and district reports.
- ❖ The board reviewed the calendar of events.
- ❖ Diana Mayfield explained that during the status review process a 5 year practice is reviewed in the 4th year and a 10 year practice is reviewed in the 7th year. Five percent (or one) of each particular practice is reviewed. The issue that needs to be address is that a review in the 4th year doesn't leave enough time to address an issue to make corrections. Dennis Berger moved to review 5 year practices in the 3rd year instead of the 4th. Robin Kliethermes seconded the motion. The motion passed 5-0.
- ❖ Ron Hardecke entertained a motion to adjourn. Dennis Berger so moved. Mike Haeffner seconded the motion. All in favor. Meeting adjourned at 9:15 p.m.
- ❖ Next Regular Board Meeting is scheduled for **TUESDAY**, August 2, 2011, at the USDA Service Center at 7:30 p.m.

Ron Hardecke, Chairman

Robin Kliethermes, Secretary

July 11, 2011

J.R. Flores, State Conservationist
Parkade Center, Suite 250
601 Business Loop 70 West
Columbia, MO 65201-2546

Dear Mr. Flores,

Enclosed you will find an Annual Report for our Cooperating Conservation Partnership Initiative (CCPI) Project, "Stabilizing Streambank Erosion Issues Within the Bourbeuse Watershed in Gasconade County."

Our FY10 project has finally been approved for construction and the landowner has already completed the blasting of the rock. The State, Area and local NRCS/SWCD staff have been very supportive in assisting the landowner in all aspects of this project. The landowner hopes to place the first weir, under the direct supervision of the Area Engineer, in the near future. We plan to have a field day at the construction site during the construction of one of the last two weirs. As soon as we know the date of construction, we would like to invite you to attend the event along with other interested landowners and cooperating partners.

Over the course of the year, we have reviewed the progress of our CCPI project at every board meeting. The process has been a learning experience for everyone concerned. The cost factor has been overwhelming, and we appreciate NRCS working with us to adjust the project to better meet the needs of our landowners.

Our two new FY11 contracts have been signed and the survey work has been completed. We understand that the design process has begun.

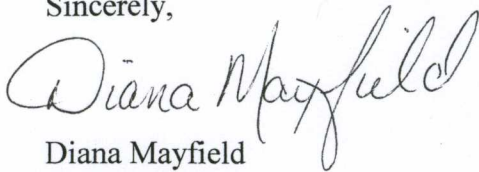

According to SWCD policy, cost-share funds may be contributed as long as it does not exceed 75% of the combined allocation. Since these two projects are on a smaller scale, it appears that NRCS will be providing the landowners with the full 75% of the state average cost. Therefore, we will be unable to contribute monetarily. It has been discussed, however, that we, or FSA, might be able to assist with a Riparian Tree Planting to protect the corridors.

We hope that our project will be used as an example for others and help to address this very important issue. Our office has received several calls from different states and entities inquiring as to the project, how it is progressing, and how to go about obtaining this type of funding.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age disability, political beliefs, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audio tape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

As the project manager, I appreciate all the efforts of the NRCS team of Darrel Campbell, Wally Corey, and Mark Brandt and our SWCD Technician Terry DuBois have put towards this project.

Sincerely,

A handwritten signature in cursive script that reads "Diana Mayfield". The signature is fluid and elegant, with the first name "Diana" being more prominent than the last name "Mayfield".

District Manager Report
Diana Mayfield
August 2011

I created maps, soil descriptions and/or updated toolkit files for:

Douglas Schwartz, HELC Joseph Mundwiller, HELC (2 farms)	Eric Brinegar, HELC
Provided technical Cost-share services for:	
Dennis Kurrelmeyer – DSP-3.4 Kurrelmeyer Brothers – DSP-3.4	

I prepared the 2011 CCPI Report, which is to be submitted to JR Flores, State Conservationist.

I prepared the July 2011 newsletter and it was mailed to 947 landowners on July 18th. The newsletter was posted on- line on July 12th.

On July 13th we received confirmation that our quarterly report was accepted and that I may proceed with the end of the year roll over. We received our quarterly allotment on July 18th.

The Monsanto Tour was cancelled as of July 22nd due to only have 11 registered in Gasconade County and 3 in Maries. Perhaps we could try again later.

I took leave the last week in July.

We turned in 28 pounds of food in June to helping hands for the Feds Feed Families –Food Drive. In July we turned in 100#.

8/02/2011 BOARD MEETING REPORT from T. DuBois

**July 2011
NRCS Board Report**

During the month of July I attended the Gasconade, Maries and Osage County SWCD Board meetings.

NRCS staff has been working on conservation plans for the General CRP contracts.

NRCS staff has been working on conservation plans for recently preapproved in CSP and EQIP applications. Staff has also been doing contract management on existing contracts.

Megan Ordway attended training at the Plant Materials Center for New Employees.

Gasconade County Staff have been assisting on the CCPI project.

Melinda L. Barch
District Conservationist
